

DESCRIPTION

Dynamic hand-held microphone with cable with USB connector for connecting it directly to the PC.

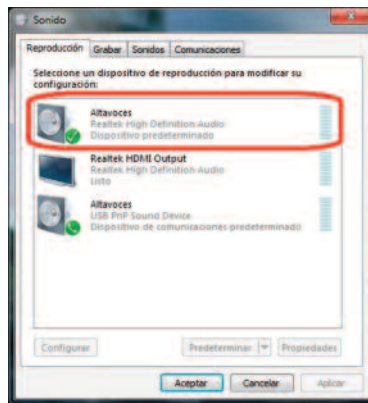

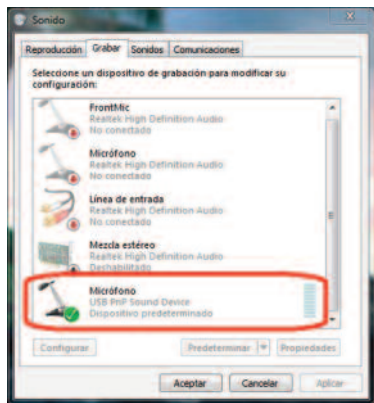

INSTALLATION

Connect the microphone to the PC. Wait while the drivers are installed automatically.

The USB microphone has an adapter that is installed as an input/output audio device. Checking the configuration of the PC audio panel is recommended.

To do this, go to the Panel de Control/Sonido/Grabar option and check that the USB microphone has been selected, it will appear as **USB PnP Sound Device**.

In some cases the USB microphone can be selected as an output device, so there would be no audio output. Go to the Panel de Control/Sonido/Reproducción option and check that you have selected your PC loudspeakers/headphones.
